# TRANSITIONING TO THE THIRD ACT

Sat 27th Aug – 3rd Sept (1 week)

DR. EDWARD KELLY  
Founder The Third Act

Human longevity has created a whole new third age or third act in our lives, but they are very different. As Charles Handy says, **“the third age is not worth living if you are not acting in it”**.

- \* What are you going to do and be in your Third Act?
- \* How are you going to Transition into your Third Act?
- \* What are you going to have to leave behind?

Join a group of fellow enquirers on this five day retreat where mornings (9.30-1.00pm) are spent exploring the process of transition. Afternoons are then left free for walking cycling and swimming and evenings for convivial dining at the port.
